Data and Graphs — Read, Complete, Solve

Sheet A

Read the data. Complete the second graph or table, then solve the problems.

Name: _____ Date: _____

1) Leo emptied a piggy bank. The list shows the value of each coin in cents.

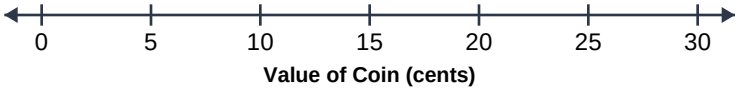
a. Use the list to complete the dot plot. Draw one X for each number in the list.

Coins in a Piggy Bank

25	25	5	25	25	5
10	5	25	25		

Coins in a Piggy Bank

Each X = 1 coin



Value of Coin (cents)

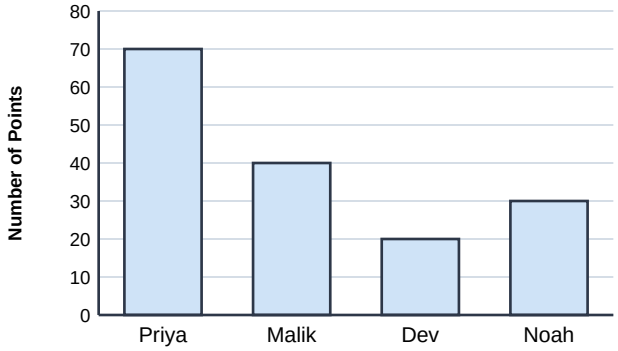
b. How many more coins are worth 5 cents than are worth 10 cents? **Answer:** _____

c. How many more coins are worth 5 or 25 cents than are worth 10 cents? **Answer:** _____

2) Four friends played a game and kept track of their points. The bar graph shows how many points each friend scored.

a. Use the bar graph to complete the frequency table.

Points Scored



Points Scored

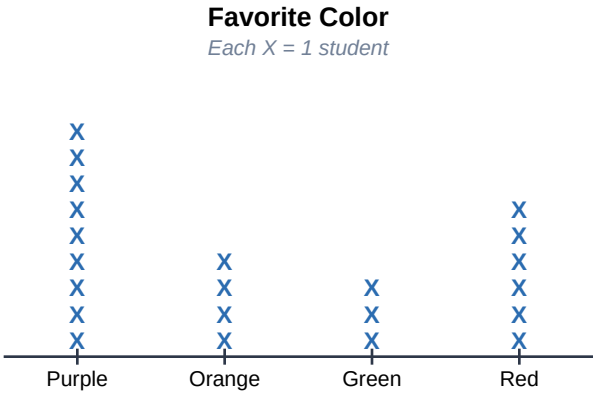
Name	Number of Points
Priya	70
Malik	
Dev	
Noah	30

b. How many points did Malik and Dev score in all? **Answer:** _____

c. How many more points did Priya score than Dev and Noah together? **Answer:** _____

3) Kai asked some students to name their favorite color. The dot plot shows the results.

a. Use the dot plot to complete the pictograph.



Favorite Color

Purple	★★★★½
Orange	
Green	
Red	★★★

Key: ★ **= 2 students**

b. How many students chose orange or green? **Answer:** _____

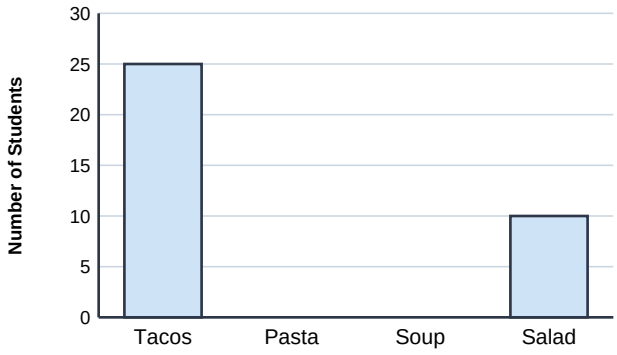
c. How many students did NOT choose green? **Answer:** _____

4) Ava asked some students to name their favorite lunch. The frequency table shows the results.

a. Use the frequency table to complete the bar graph.

Favorite Lunch

Lunch	Number of Students
Tacos	25
Pasta	15
Soup	5
Salad	10



b. How many students chose tacos or salad? **Answer:** _____

c. How many students did NOT choose soup? **Answer:** _____

Answer Key — Sheet A

1) a. Dot plot — 3 at 5, 1 at 10, 6 at 25
b. 2 (3 – 1 = 2)
c. 8 (3 + 6 = 9, 9 – 1 = 8)

2) a. Frequency table — Malik: 40, Dev: 20
b. 60 (40 + 20 = 60)
c. 20 (20 + 30 = 50, 70 – 50 = 20)

3) a. Pictograph — Orange: 4, Green: 3
b. 7 (4 + 3 = 7)
c. 19 (9 + 4 + 6 = 19)

4) a. Bar graph — Pasta: 15, Soup: 5
b. 35 (25 + 10 = 35)
c. 50 (25 + 15 + 10 = 50)
