Data and Graphs — Pick the Matching Graph

Sheet A

Each problem shows data one way. Find the choice that shows the SAME data another way.

Name: _____ Date: _____

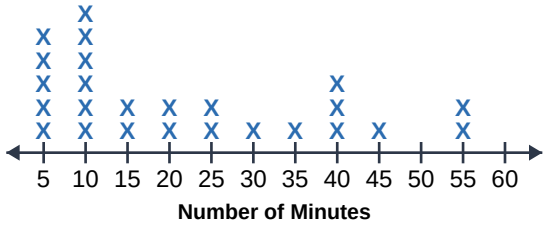
1) Maria asked some students how many minutes it takes them to get to school. The list shows their answers. Which dot plot shows the same data?

Minutes to Get to School

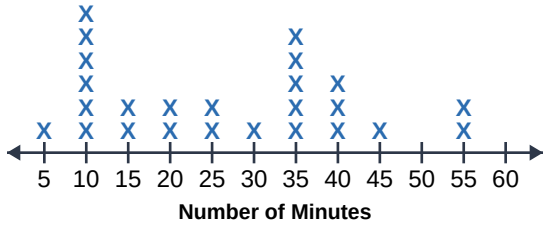
35	35	10	15	45	40	40	5
20	35	10	10	35	35	55	25
40	10	10	10	15	55	20	25
30							

Circle the letter of the dot plot that matches.

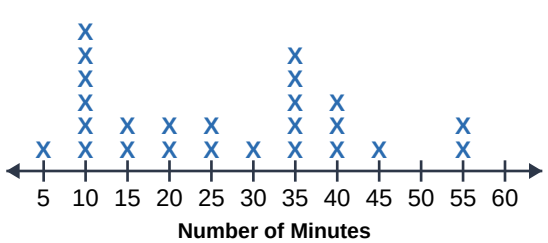
A



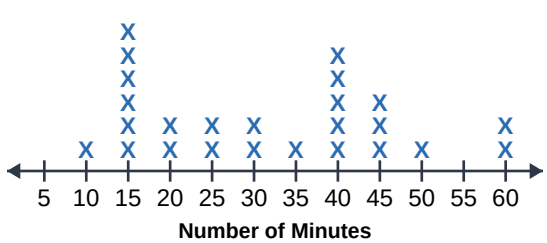
B



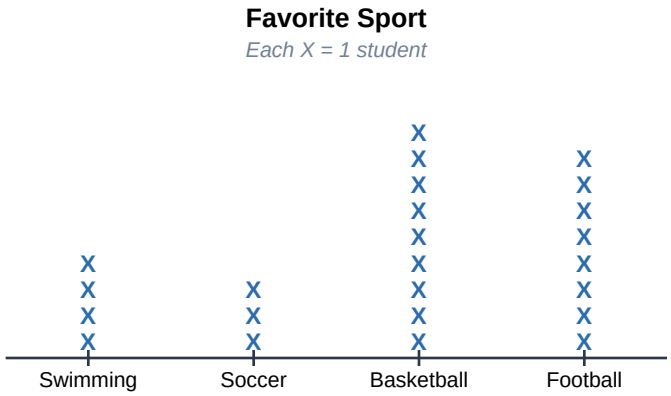
C



D



2) Kai asked some students to name their favorite sport. The dot plot shows the results. Which pictograph shows the same data?



Circle the letter of the pictograph that matches.

A

Favorite Sport

Swimming	★ ★½
Soccer	★ ★½
Basketball	★ ★ ★ ★ ★½
Football	★ ★ ★ ★

Key: ★ = 2 students

B

Favorite Sport

Swimming	★ ★
Soccer	★ ★½
Basketball	★ ★ ★ ★
Football	★ ★ ★ ★ ★½

Key: ★ = 2 students

C

Favorite Sport

Swimming	★ ★
Soccer	★ ★½
Basketball	★ ★ ★ ★ ★½
Football	★ ★ ★ ★

Key: ★ = 10 students

D

Favorite Sport

Swimming	★ ★
Soccer	★ ★½
Basketball	★ ★ ★ ★ ★½
Football	★ ★ ★ ★

Key: ★ = 2 students

3) Zoe asked some students to name their favorite lunch. The pictograph shows the results. Which frequency table shows the same data?

Favorite Lunch

Pasta	★★½
Salad	★★★½
Tacos	★★★
Pizza	★★★★½

Key: ★ **= 10 students**

Circle the letter of the frequency table that matches.

A

Favorite Lunch

Lunch	Number of Students
Pasta	25
Salad	45
Tacos	30
Pizza	35

B

Favorite Lunch

Lunch	Number of Students
Pasta	25
Salad	35
Tacos	30
Pizza	45

C

Favorite Lunch

Lunch	Number of Students
Pasta	5
Salad	7
Tacos	6
Pizza	9

D

Favorite Lunch

Lunch	Number of Students
Pasta	25
Salad	40
Tacos	30
Pizza	45

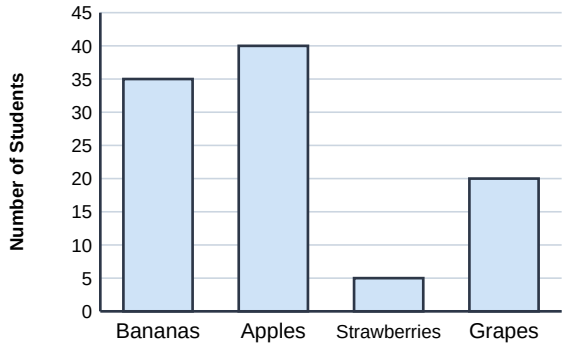
4) Priya asked some students to name their favorite fruit. The frequency table shows the results. Which bar graph shows the same data?

Favorite Fruit

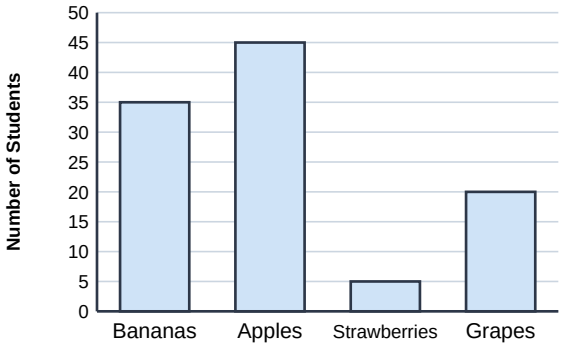
Fruit	Number of Students
Bananas	35
Apples	40
Strawberries	5
Grapes	20

Circle the letter of the bar graph that matches.

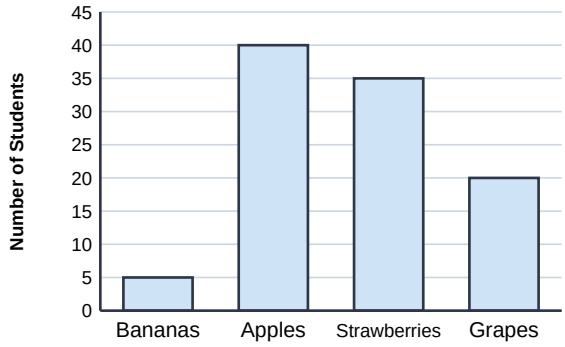
A



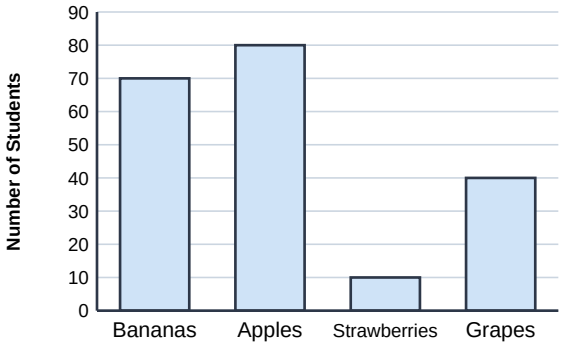
B



C



D



Answer Key — Sheet A

1) C (1 at 5, 6 at 10, 2 at 15, 2 at 20, 2 at 25, 1 at 30, 5 at 35, 3 at 40, 1 at 45, 2 at 55)

Not A: the X's for 5 and 35 are switched · Not B: 7 X's above 10 instead of 6 · Not D: every X is one place too far right

2) D (Swimming: 4, Soccer: 3, Basketball: 9, Football: 8)

Not A: Swimming shows 3 instead of 4 · Not B: Basketball and Football are switched · Not C: the key says each star = 10, not 2

3) B (Pasta: 25, Salad: 35, Tacos: 30, Pizza: 45)

Not A: Salad and Pizza are switched · Not C: uses a key of 2, not 10 · Not D: Salad shows 40 instead of 35

4) A (Bananas: 35, Apples: 40, Strawberries: 5, Grapes: 20)

Not B: Apples shows 45 instead of 40 · Not C: Bananas and Strawberries are switched · Not D: the scale counts by 10, not by 5
